AGENDA RE AGM – WEDNESDAY 23RD FEBRUARY

The committee agreed the agenda for the forthcoming AGM. The agenda will be sent out to all members nearer the time.

MEMBERSHIP

The number of members that have renewed for 2022 was discussed. JE to send a final reminder towards the end of January.

NEW WEBSITE UPDATE

JE explained that very few members have logged onto the new VCF website so far, that Derek Janes has kindly been working on for the benefit of the club. In order for it to be a success, members are encouraged to please log on to: www.der379.wix.com/vcfcc with your email address and create a password, when you will then receive access and can have a look for yourselves. Feedback is very welcome 😊

The benefits of our new club website: -

- *Easier for new members to find our club*
- *Mobile phone friendly*
- *Secure site*
- *More user friendly than Facebook (it will be easier to find things)*
- *The club will be able to consolidate everything in one place*
- *Easy to edit once live (**the current website address will be updated to a more meaningful one once the website is live – hopefully by the end of January**).*
- *Ride leaders can add blogs to the Forum. Members can add photos to the Gallery*
- *New pages and areas can be added as needed*
- *A password protected committee page*

VCF KIT ORDERS

EM informed that the kit and wallet orders are due to arrive mid February. She is to post up a list of who has ordered with payment details.
